WHO WE ARE

St. Louis World Changers is a 501(c)3 dedicated to providing free and necessary home repairs to low-income residents of the City of St. Louis. Our staff, comprised entirely of volunteer coordinators, work throughout the year to gather applications for construction projects, procure funding for construction materials and prepare for an annual summer project. During this project, approximately 300

volunteers from across the country flood into St. Louis for one week to repair the homes of some of our city's neediest residents. Each volunteer pays his or her own travel and lodging costs so that all grants and monetary donations may be put toward construction costs. St. Louis World Changers hosted its first project in 2003 and just celebrated its 200th home repair in the summer of 2010.

ANNUAL STATS

Volunteers	300
Homes Repaired	25
Project Money Spent In St. Louis	\$70k
Estimated Cost Per Home	\$2500
Volunteer Hours	12,000

About This Summer's Project

Summer volunteers will arrive on July 9. They will begin construction projects on July 11 and work until July 15. This summer, we expect to make repairs on more than 20 homes across St. Louis.

About Our Summer Volunteers

Our volunteers are primarily youth ages 15 to 18 years old. These youth volunteers are split into construction crews of around 15 people. Each crew is supervised by two construction professionals.

OVERALL STATS

(total amounts as of 2010)

Volunteers	2500
Homes Repaired	215
Project Money Spent In St. Louis	\$560k
Volunteer Hours	120,000
Estimate of Work Provided	\$1.2 million
